

We can help.

We have been helping families, like yours, since 1992. How can we help you?

In-Home Care

Our qualified Support Staff can come to your home and help you with:

PERSONAL CARE

Including showering, dressing, grooming and bathrooming.

FOOD AND SHOPPING

Such as shopping, meal prep and support with eating.

DOMESTIC ASSISTANCE

Domestic tasks such as cleaning, washing, ironing, gardening and mowing and help with your daily chores.

SOCIAL SUPPORTS

Such as escorting you to social activities and appointments to keep your connections with your local community.

TRANSPORT SERVICE

Our wheelchair accessible vehicles can be utilised for getting to appointments or daily living (such as shopping) and social activities.

Clinical Care

Our Support Staff include Registered and Enrolled Nurses who can come to your home and help you with medication assistance, monitoring and checks, therapeutic supports, nursing assessments, welfare checks and access to allied health.

Our services cover diabetes support, dementia care, bowel care, catheter care, blood pressure monitoring, post-hospitalisation care, palliative care and stoma maintenance. Plus we can help you access medical supplies & equipment.

And we can provide service 24 hours a day, 7 days a week, so after-hours care is available.

Package Management

Your own Subee Newlake Service Co-ordinator will build a Personalised Care Plan for you, book and manage services you need. We charge only one low monthly admin fee and always strive to get the best value for your package dollar.
